EDUCATION

Bachelor of Computer Applications (BCA), Computational Science 2024 - 2027
Brainware University

CGPA: 8.14/9

Senior Secondary (XII), WBCHSE 2024
Science

C.M.S Burdwan High School

Secondary (X), CBSE 2022
Techno India Group Public School Nabagram

Percentage: 64.00%

TRAININGS / CERTIFICATIONS

Introduction To Modern AI
Mar 2026

Cisco networking academy, Virtual

Gained foundational knowledge of Modern AI including AI concepts, machine learning basics, and the use of AI tools for solving real-world problems.

Bachelor In Computer Application (BCA)
Aug 2024 - Present

Brainware University, Barasat

Currently pursuing my bachelor's degree to learn problem solving skills, coding , and real world project

PORTFOLIO

Portfolio link ↗

PROJECTS

F.R. Enterprise — Client Website ↗
Jul 2026

Designed and developed a responsive corporate website for F.R. Enterprise. Built the frontend using React, Vite, and Tailwind CSS. Developed backend functionality using Node.js, Express.js, and MongoDB. Implemented an admin dashboard for managing services, projects, inquiries, and website content. Integrated image uploads, customer inquiry handling, responsive UI, and REST APIs. Deployed the website for a real business client.

Portfolio ↗
Jun 2026

My personal portfolio showcasing projects, skills, and development journey in web design and development. Built with passion for clean design and practical solutions.

Deep Learning-Driven Forecasting ↗
Apr 2026

Published! Deep Learning-Driven Forecasting in IIP Series. Exploring how AI improves predictive accuracy in real-world systems.

Fintech-Digital-Economy ↗
Mar 2026

Developed a responsive web application showcasing FinTech innovations, digital payments, and online financial ecosystems.

Recipe Finder ↗
Feb 2026

Developed a Recipe Finder web application that allows users to search for recipes based on ingredients or dish names. Implemented using HTML, CSS, and JavaScript with API integration to fetch recipe data dynamically

Quiz-Game ↗
Aug 2025

Created a Quiz Game web application using HTML, CSS, and JavaScript. The game displays multiple-choice questions, checks answers, and calculates the final score, demonstrating skills in logic building and front-end development.

SKILLS

- Teamwork
- Effective Communication
- Data Structures
- HTML
- CSS
- Python
- React
- Git
- Frontend development
- Tailwind CSS

ADDITIONAL DETAILS

- Received a verified badge from Cisco Networking Academy for completing the Introduction to Modern AI course covering AI fundamentals and real-world applications.
